

Eastman Chemical Company Reapplication for Hazardous Waste Treatment Permit

Eastman Chemical Company will conduct a public meeting to provide information regarding a re-application for a hazardous waste permit for seven combustion units. Eastman is currently operating these units under Permit TNHW-131 and is applying for renewal of this permit in accordance with Tennessee Hazardous Waste Management regulations. These units are located within Eastman's Main Plant facility in Kingsport, TN.

The meeting will be held on Thursday, July 7, 2016 at 6:00 p.m. in Conference Room 225 of the Toy F. Reid Employee Center, located at 400 South Wilcox Diver, in Kingsport, TN. The venue is handicap-accessible. Anyone requiring additional special access should phone (423) 229-3772 at least 72 hours prior to the meeting. Any questions regarding this meeting should be directed to Keith Harris, Corporate Environmental Affairs, Eastman Chemical Company, P.O. Box 511, Kingsport, TN, 37662 or telephone (423) 229-3926.
